Fertility Programs – *Helps those individuals and couples who have challenges in conceiving a child. We assist the flow of energy, nervous system input and clear many of the blockages that impede conception. It is gentle, safe and has a high success rate with natural methods and techniques.*

Family Care – *Families of all sizes choose us to be their primary port of call when it comes to the health, wellbeing and guidance of their family. We have cared for many thousands of families over the past 25+ years. It is the natural way to care for those you love.*

Health Recovery – *Years of the daily grind in life causes the body to slowly, degenerate, run down and eventually break down. We help restore the natural flow within the body and rejuvenate and revitalise you so that you can maximise life.*

Peak Performance Care – *We have looked after many national, international and Olympic sports people. These people seek our unique difference to give them an edge in performance, aid recovery from injury and maximise their sporting performance.*

In Tune with Life – *Living in the hectic world we face all sorts of challenges in our daily life. Work, relationships, health, love, financial just to name a few. In tune with life provides you the opportunity to be well, stay well and have clarity of thought and clear pathways forward. It helps you surmount any obstacles that may arise.*

Free to be Me – *This program explores all the hidden blockages that may lie within. It helps you become one with who you are and assists in your pathways through life. It improves the flow of chi and energy through your body, clears subconscious patterning in your mind and frees you to a better life.*

Aged Care Programs – *As we age we still desire freedom, flexibility and clarity of mind. We help those who are aging to enjoy life, freedom of mobility and peace of mind. It is gentle and effective.*
